**PART-2
SWASTIK FRAME (ओम प्रणव वष्टकार)
(LESSONS 141 TO 160)**

Ancient wisdom settles dimensional frame for creators space, designated and known as Swastik frame.

2. Swastik frame helps chase the churning process at the origin of the domains.

3. It is this chase of churning process at origin of domains with the help of swastik frame is a transcendental chase as ultimately in the process the transcendental values flow path stands determinant the way creators domains is fulfilled with transcendental values.

4. These values manifest as Om formulation. Further these values as

their inner folds are of the values and order of Parnava domain. With it internal flow path stand initiating leading to the values and order of AUM, OMKAR, UDGITH, VSHTKAR, SAPT BHUMI, ASHT PRAKRATI, NAV BRAHAM AND PAR BRAHAM

**PART-3
TEACHING OF VEDIC SYSTEMS
(LESSONS 161 TO 180)**

1. Transcendental domains glimpsing is a process for whose initiation proper teaching of vedic systems may be of real help to the sadkhas. As such heavy responsibility lies upon senior sadkhas to attempt Vedic systems teaching courses.

**SECTION -4
TRANSCENDENTAL VALUES FLOW WITHIN TRILOKI
LESSONS 181 TO 240**

**PART-1
SEQUENTIAL BRACKETS
(LESSONS 181 TO 200)**

1. Anubandha
2. Maheshwara Sutras
3. NVF (NATURE)= NVF (BRACKETS)
4. ARTIFICES FLOW RANGES LIMITS
5. Dimensional spaces sequence
6. Measuring rod as synthetic set up of dimensional domains
7. Each dimensionoal domain is a complete manifestation layer
8. There is internal seal at origin of each domain.
9. Seal has its own logic to permit transcendence. There is parallel internal and external progressions
10. Each domain is framed externally and is sealed internally.

**PART-2
SUSHMANA NADI COORDINATES SHAD CHAKRAS
(LESSONS 201 TO 220)**

1. Ancient wisdom enlightens and same can be experienced as that the human frame is coordinated.
2. This coordination is in terms of nervous system.

3. The nervous system has 101 prominent nervous, of which of more prominence is sushmana nadi.
4. Sushmana nadi coordinates the shad chakra format of human frame.

PART-3
RIDING TRANSCENDENTAL CARRIERS
(LESSONS 221 TO 240)

1. Jeev along with senses takes of from the Braham Randra and rides the transcendental carriers of sun light.
The transcendental carriers transcend through the anubandha of asht prakrati and take to the Brahman domain.
