Vedic Mathematics (Sunlight format Mathematics)

I. Devnagri alphabet II. Jad Bharat III. Creation of letters IV. 5 x 5 format V. Transcendental code value VI. Along organization format of elongated first vowel VII Seeds syllables VIII Sri Om IX Devnagri script X Raif (letter: second Antstha) XI From one alphabet to another alphabet XII Sathapatya basis of Ganita Sutras XIII Half second antstha letter XIV Words formulations 'गुरु व शिष्य' / Guru and Shisya

Here it would be relevant to note that this word formulation is of following two syllables
Here it would be relevant to note that transcendental code values mathematics is of the values of dimensional synthesis Mathematics. As per which $3 \times 3 = 5$

Ahead $3 \times 3 \times 3 = 6$
And ahead of it

$^3 x 3 x 3 x 3^* = [(3,3,3), 6]] = 6= 4$ or $8$ and its middle six or five.

Like that composition of word formulation ‘Guru’ is of many internal orbits and orbitals. Need is to understand comprehend and to adopt the same.

And like that parallel coordinated formulation ‘Shishy’ as well deserve to be understood, comprehended and to be adopted.

Word formulation ‘Shishye’ avails following five letters.

This formulation is a composition of following two syllables.
The transcendental code values
Mathematics as values of spatial dimensional synthesis comes to be as under.
(2, 2) = 4
(2, 2, 2) = 6
(2, 2, 2, 2) = 8

Ahead the transcendental (upward) values sequence is as under
(2^0, 2^1, 2^2, 2^3, ---)

Here it also would be relevant to note that at base transcendental code values of linear dimensions comes to be as under
(1) = 1, (1, 1) = 3, (1, 1, 1) = 6, ---

Here it also would be relevant to note that by approaching the word formulation ‘Shishye’ in its both orientations of sequential decrease, as well as sequential increase we can have a reach for the format of creations of Lord Brahma, creator the supreme and on its basis Shishye can with the grace of guru be on the transcendental path of attaining the transcendental enlightenment of Shiv lok /transcendental domain presided by Lord Shiv
