Sri – Om

VEDIC MATHEMATICS AWARENESS YEAR
Awareness evaluation quarter (1-7-15 to 30-9-15)

Organizers: Dr. S. K. Kapoor, Sh. Rakesh Bhatia, Sh. Bhim Sein Khanna, Sh. Deepak Girdhar
E-newspaper issue no 239 dated July 05, 2015 / Awareness quarter issue no 5

VEDIC MATHEMATICS SCIENCE AND TECHNOLOGY UNIVERSITY

Think Meditate Transcend, Glimpse and Imbibe Format Features Order
Values and Virtues of Vedic sounds formulations along Sunlight Carriers

AWARENESS EVALUATION STEPS

1. LET US FOLLOW TRANSCENDENTAL CARRIERS OF SUNLIGHT
2. TRANSCENDENTAL (5-SPACE) DOMAIN AS FOUNDATION FORMAT
3. CREATION
4. SELF REFERRAL (6-SPACE) CREATION FORMAT

5. Vedic Mathematics

1. Vedic Mathematics is the Mathematics of chase along the creation formats.
2. To have an idea of the potentialities of Ganita Sutras, we may have a fresh visit to the format and features of the very first letter of the text of Ganita Sutra 1 namely ‘ए’ the sixth vowel.
3. The transcendental (5-space) code value of letter ‘ए’ is 6
4. The transcendental (5-space) code value of letters of Devnagri alphabet goes ahead along self referral (6-space) formats as of sound frequencies values and virtues which make ‘ए’ as एकारः
5. TCV (ए) = 6 while TCV (एकारः) = 26
6. One may have a pause here and take note that the Vedic meters range is of value ‘26’
7. A step ahead the self referral (6-space) format itself transits and transforms into a unity state format which accepts a self referral (6-space) format for each of the four steps composition of the letter, illustratively ‘ए’ as ‘एकारः’ along the self referral (6-space) format with self referral (6-space) format for all the four consonant letters of ‘कारः’ (i) ‘क’ (ii) अ (iii) र (iv) अ being (i) ककारः (ii) अकारः (iii) रेफ (iv) अकारः.

8. One may have a pause here and take note that the transition for ‘एकारः’ of value 26 along the unity state format would be ‘6 + 1 + 20 + 2 + 20 + 3 + 13 + 13’ = 78

9. One may have a pause here and take note that the 78 = 13 x 6 which is parallel to 78 coordinates for all the 13 geometries range of 6-Space

10. Still further it also would be relevant to note that some of the boundary component of all the 13 versions of hypercube 6 comes to be 78

11. One may have a pause here and take note that the transcendental (5-space) code value, self referral (6-space) format value and unity state value of letter ‘ए’ as such shall be making the format and features of Ganita Sutra 1 and as such of whole range of Ganita Sutras and Upsutras being very wide and structurally to be very rich in its values and virtues

12. It would be exercise to sequentially chase the whole range of texts of Ganita Sutras and Upsutras parallel to the triple values chase of the first letter ‘ए’/ sixth vowel accepting values triple (6, 26, 78)

13. One may have a pause here and take note that the first pair of artifices (6, 26) is parallel to 6-space and 26 meters range.

14. The end values pair (6, 78) is parallel to Srimad Bhagwad Geeta, the divine songs of Lord Krishna, the incarnation of Lord Vishnu is of its last i.e. 18 chapter being of 78 shalokas range

15. Still further it also would be relevant to note that pair (26, 78) re-organization as 26 x 1, 26 x 3 with summation value 26 + 78 = 104 with NVF (four space) = 104 and that 4 = 1 + 1 + 1 while 10 = 1 + 2 + 3 + 4

16. One may have a further pause here and take note that the synthesis of three quarters of a square bring into fourth quarter of its own.

17. One shall sit comfortably and permit the transcending mind to continuously remain in prolonged sitting of deep trans and to be face to face with the format and features of transcendental (5-space) code value self referral (6-space) format value and unity state value accepted by letters (vowels and consonant of Devnagri alphabet and as a result there of Vedic Systems unfolding many folds.

05-07-2015 Dr. Sant Kumar Kapoor (Ved Ratan)
