About This Course

1. Introductory

Vedic Mathematics, Science & Technology (In short VMS & T) is applied values Discipline of Vedic knowledge. Present course is of Graduation level. It is being captioned as ' Triloki and Trimurti domain knowledge '. It is of Sathapatya (Geometric Format) of real 3, 4, 5 and 6-spaces, of independent existence.

2. Quadrupel Spaces (3,4,5,6)

Quadrupel Spaces (3,4,5,6) together manifest as four folds of Hypercube 5 in 4-space. As folds, these make 3-space VMS & T, 4-space VMS & T, 5-space VMS & T and 6-space VMS & T. And, together it makes the existence phenomenon of Triloki and Trimurti.

3. Triloki, Trimurti and Brahma

Formulations Triloki (त्रिलोकी) & Trimurti (त्रिमूर्ति) are of TCV (त्रिलोकी)=24=D_8 and TCV (त्रिमूर्ति)=30= H_8 . These together TCV (त्रिलोकी) + TCV (त्रिमूर्ति)=24+30=54= H_{14} of 29 versions. The value 29 is parallel with TCV (ब्रह्मा)=29

4. About This Course

The present course is the introductory exposure of insight about the a 'Four Years VMS&T, Graduation course of year wise sequential focus:

First Year	3-space VMS&T
Second Year	4-space VMS&T
Third Year	5-space VMS&T
Fourth Year	6-space VMS&T

Each year is to be of two semesters. Each semester Disciplines are going to be :

      (i)   Space VMS&T
      (ii)   Vedic Ganita Sutras
      (iii) Computer Science
      (iv) Sanskrit

In addition, The Intellectual history of man, and Consciousness based intelligence field Creation will be Two Core papers.

5. Present Exposure (Course)

The present exposure (Course) is going to be of 6 weeks duration. The focus here is to remain upon '3,4,5&6 spaces VMS&T Sathapatya.
