Vedic Mathematics Teachers Course

About this Course

Vedic Mathematics is an Ancient Discipline. It is core of Vedic knowledge systems. Its comprehension and approach is unique in itself. For some historic reasons this system is in a dormant state. For to be parallel with its original glory and bliss, it is to be put in a main stream of institutionalized learning instructions. Naturally, it is going to demand 'Vedic Mathematics Teachers'.

Present course is an attempt to outline a set of lessons of Vedic Mathematics Teachers Course.
